Attention All Advisors:

The Phoenix Life Insurance Policies That Could Never Be Sold Now Have a Market

Veris Settlement Partners is working with a funder providing solutions to Phoenix Life Insurance policies not able to be sold until now. All we need is the insured's date of birth, idea of current health, and current illustration to maturity to see if the policy could work in the secondary market. Call the life settlement experts at Veris at 631-239-6655 for more information.
